

New Product Announcement

inReach SE[®]+, inReach Explorer[®]+ Satellite Communicators with GPS

January 4, 2017

It's peace of mind in the palm of your hand. inReach SE+ and inReach Explorer+ are satellite communicators that use 100% global Iridium satellite coverage for 2-way messaging anywhere in the world. In case of emergency, the interactive SOS allows you to communicate back and forth and receive confirmation that help is on the way. Both models include a built-in GPS that enables location tracking and basic navigation with a high-detail bread crumb trackback trail. inReach Explorer+ adds robust navigation options such as preloaded DeLorme[®] topographic maps¹, built-in digital compass, barometric altimeter and accelerometer.

KEY FEATURES:

GLOBAL SATELLITE COMMUNICATORS	Satellite communicators with 100% global Iridium satellite coverage for 2-way messaging anywhere in the world
INTERACTIVE SOS	Trigger an interactive SOS to GEOS, the 24/7 search and rescue monitoring center, to communicate the nature of the emergency
SEND AND RECEIVE TEXT MESSAGES	Send and receive text messages while beyond cellular range to any cell phone number, email address or to another inReach ⁴
NEW BASIC AND ROBUST NAVIGATION OPTIONS	Both models feature built-in, high-sensitivity GPS that provides basic navigation, location and tracking data within 5 meters and better accuracy over that of a paired/companion mobile device; follow routes, drop waypoints and find your way back with a bread crumb trail; inReach Explorer+ adds robust navigation options such as preloaded topographic maps ¹ , built-in digital compass, barometric altimeter and accelerometer
LOCATION TRACKING AND SHARING	Use the MapShare™ site to track and share your location online with family and friends so they can ping your device and exchange messages
EARTHMATE [®] APP	Pair with mobile devices ² using the free Earthmate app for access to topographic maps and U.S. NOAA charts, color aerial imagery and more; additional data for hunters, such as game management units and parcel information, is available for purchase
SUBSCRIPTION PLANS	Flexible subscriptions; choose from annual contract or monthly plans
BATTERY LIFE	Internal, rechargeable lithium battery gives up to 100 hours of battery life in tracking mode; up to 30 days in power save mode (battery life may vary depending on settings)
CLOUD STORAGE AND TRIP PLANNING	Use the cloud-powered portal to plan your trips with routes and waypoints, sync and manage your device, store all your location tracking data and much more
WATER RATING	Rugged, impact resistant and water-rated to IPX7 ³
